Certified Information Systems Auditor™ CISA®
Notice of Exam Results
TESTED **December 2009** - with English Form

Congratulations! You were successful in achieving a passing score on the CISA exam.

Your Overall Passing Score is
504

Exam scores are reported on a scale from 200-800. A scaled score is a conversion of your raw score(s) to a common scale. A score of 450 represents a minimum passing score established by ISACA's CISA Certification Committee. Below is your score by area.

SCALED SCORES OF YOUR PERFORMANCE BY AREA

AREA	SCALED SCORE
IS Audit Process	589
IT Governance	558
Systems and Infrastructure Life Cycle Management	487
IT Service Delivery and Support	404
Protection of Information Assets	484
Business Continuity and Disaster Recovery	554

VERY IMPORTANT: You are not yet certified. To become certified as a CISA and enjoy the benefits of certification, you must earn the required job experience and submit a CISA application. The application is available at **www.isaca.org/cisaapp**. **Until your application is received and approved, you are not CISA certified and cannot use the designation.** If you have any questions about your eligibility for CISA certification or about whether or not your experience qualifies for certification please contact the ISACA certification department at certification@isaca.org.

Achieving CISA certification is a fundamental step in your career development process. CISA certification will enhance your credibility and recognition with employers, peers and clients as well as boost your earning potential. We encourage you to apply for CISA certification as soon as you have the required experience.

Again, congratulations on your success. We encourage you to be active with ISACA at a local and/or global level and look forward to having you join the more than 70,000 professionals worldwide who have earned the CISA credential.
